To: Assistant Schools Division Superintendent  
Chief Education Supervisors

All others concerned

1. Human Immunodeficiency Virus (HIV) remains a major public health issue that affects millions of people worldwide. Inequalities and ignorance of human rights are among the failures that allowed HIV to become and remain a global health crisis. In line with this, the Schools Division of Science City of Muñoz supports the Commemoration of World AIDS Day on December 01, 2023, with the theme: "Let communities lead, the world can end AIDS with communities leading the way."
2. This activity aims to strengthen awareness that organizations of communities living at risk of or affected by HIV are at the frontline of progress in the HIV response.
3. Therefore, all public elementary and secondary schools are enjoined to participate in the following suggested activities:
  - a. displaying bulletin boards in strategic places, emphasizing the theme;
  - b. conducting symposia and panel discussions, and film showing on HIV and AIDS prevention and control; and
  - c. integration of HIV and AIDS education in appropriate learning areas.
4. All School Adolescent Reproductive Health (ARH) Coordinators shall submit an activity completion report using the enclosed template through this Google link <https://tinyurl.com/worldaidsday2023> on or before December 11, 2023.
5. For questions and clarification, please communicate with Marianne C. Coronel, Medical Officer III and Charmaine Eljie R. Rayos, Division Adolescent Reproductive Health Coordinator, through her email address [charmaineeljie.rayos@deped.gov.ph](mailto:charmaineeljie.rayos@deped.gov.ph).
